## What is Together+Clinic?

Our online application and dedicated Care Managers connect patients and doctors between appointments. We provide you and your doctor with tools to manage your health **together**.

## How does it work?

If your doctor has identified that you would benefit from care management services, your dedicated Care Manager from **Together+Clinic** will be calling you directly to:

- 1** Develop a custom treatment plan to fit your health goals and needs
  - 2** Manage your medications and medical events as needed
  - 3** Create a schedule for brief, routine calls with your dedicated Care Manager
-  We'll automatically inform your doctor of your activity

**We will be in touch soon!**
